COAL MINES OF KANSAS FORCED INTO IDLENESS

Carl Wanderer Pays With Life For Foul Murder of Wife

GOES TO GALLOWS WITH BRAVADO AS HE HUMS MELODY

(By Associated Press)
CHICAGO, Sept. 30.—Staring a popular song, Carl Wanderer, convicted of the murder of his wife, her unborn babe and a "ragged stranger," whom he hired to stage a fake holdup, was hanged at the county jail here today. Wanderer marched to the gallows with a firm step, and as he took his place on the scaffold he repeated a short prayer after the minister. Asked if he had anything to say, he replied in the affirmative, and as the shroud was adjusted in a clear voice he started singing, "Old Pat, Why Don't You Answer Me." He was singing when the trap was dropped.

The crime for which Wanderer was hanged was the murder of Edward J. Ryan, the "ragged stranger" and Wm. Madison Brown, a vagrant, whom he hired for \$5 to stage a fake holdup and then killed. Ryan's body was long unidentified. Wanderer also was convicted of the murder of his wife of less than a year and an unborn child, but the law in that case fixed punishment at 20 years' imprisonment.

FOUR MEXICANS ARRESTED UPON MURDER CHARGE

(By Associated Press)
SACRAMENTO, Cal., Sept. 30.—Four Mexicans were arrested today at Galt, suspected of complicity in the killing of R. E. Moore, head brakeman of a Southern Pacific freight "snout" from Roseville to Stockton. Moore, according to three other men who notified the train crew, encountered the Mexicans in a gondola and ordered them off. He fired a shot over their heads and a shot in return dropped Moore, who died later.

HUNTS BURGLAR AND IS KILLED BY OWN WEAPON

(By Associated Press)
M'PHERSON, Kan., Sept. 30.—Colonel Fred E. Ellis, of the Fourth Kansas National Guard regiment, and a major during the world war, was accidentally shot and fatally wounded today when he stumbled over a rug in the dining room, discharging his own pistol, while hunting a burglar.

HERE ON VISIT

January Jones, accompanied by W. H. Williams and wife, of Randsburg, California, were arrivals in Tonopah last night, and registered at the Mizpah. Mr. Jones was one of the early arrivals in Goldfield, and later came to Tonopah during the Divide excitement.

BIG RAINSTORM FAST SPREADS ALONG COAST

(By Associated Press)
SAN FRANCISCO, Cal., Sept. 30.—A rainstorm which is rapidly spreading northward and which is expected to cover all parts of the state, drenched southern California and parts of Arizona last night and today, establishing a record for September precipitation and endangering the drying of fruit, the weather bureau reported today.

SALES TAX TO PROVIDE FOR 3 PER CENT

(By Associated Press)
WASHINGTON, D. C., Sept. 30.—A manufacturers sales tax of 3 per cent was formally proposed to the senate today by Senator Smoot. The senator explained this would be in substitution for all of the various bar taxes, excise taxes, luxury taxes, stamp taxes, capital stock taxes, transportation, telegraph and insurance taxes, soft drink taxes, ice cream, cosmetics, admissions, dues and all of the other 57 varieties of obnoxious and discriminatory forms of taxation, which would be repealed January 1 under a series of amendments to the revenue revision bill offered by the senator. Repeal of the excess profits tax as of last January 1 instead of next January 1 also was proposed by Senator Smoot.

"I want to see a real revision of our taxes, not the perpetuation in times of peace of revenue laws which were devised under the emergency of war," said Senator Smoot's statement. "I want to see a return of prosperity for the American people and believe we can bring it through enactment of proper tax legislation. I believe these amendments will accomplish the desired result, and I know the people throughout this country are of similar belief, from the general approval which the plan has received."

BUCKEYE BELMONT READY TO RESUME

Enlarged development is promised in the near future upon the property of the Buckeye Belmont Mining company. Leison Balliet, who has been in the east for the past month in conference with the heaviest stockholders, is expected to return to Tonopah Saturday morning, when full plans will be announced concerning future development. For the past month three men have been employed at the property in cleaning up the premises and getting things in shape for an active campaign of development, and from advices received here it is stated that it will only be a short time until a large force of men will be given employment.

There is quite a stir in that immediate locality, and one deal is about to be closed that will result in active development being waged. Full particulars cannot be given out at this time, but they will be available some time during the coming week.

BAKERSFIELD OIL STRIKERS REMAIN QUIET

(By Associated Press)
BAKERSFIELD, Cal., Sept. 30.—Quiet prevailed in the oil fields today, where the striking oil workers have had the fields practically tied up for nearly three weeks. It was learned, however, that operation of at least one property has been resumed, using men imported from other sections. A refinery is employing 15 men in its operation and there has been no interference from the strikers, although they were maintaining a guard at the property.

HIGH GRADE IS ENCOUNTERED AT CALIFORNIA

The New California Tonopah mine gives promise of shortly developing into one of the greatest producers of this district. So successful has been the exploratory work under the direction of Frank Stall, president and general manager, that this mineral estate promises to prove an important factor in extending the life of Tonopah.

Long recognized as a property of merit, but remaining in idleness by reason of having become entangled in litigation through the defunct State Bank, it remained for Mr. Stall to unravel the tangle and proceed with development on broad lines, until today he can lay claim to having hit a mine of wonderful possibilities, and one which will have to be reckoned with when production for this great silver camp is computed during future years.

Large orebodies are being uncovered in the various workings of this mine, and announcement has just been made by Manager Stall that a 2-foot vein of ore has just been uncovered between the 500 and 400 levels of the New California mine proper which carries values of \$40 a ton on the average. A shipment of 100 tons is now being taken from this 2-foot vein, as well as a vein from the 600 level.

One leaser on the New California will be shipping soon, and two leasers on Jim Butler ground that is held under lease by the New California Tonopah company have shipped 75 tons that will return values of \$35 a ton. From the raise in the Butler workings on the 700 level, three feet of ore was encountered yesterday that assays \$80 a ton. On Thursday a raise was started from the 600 level on the Wanderer Boy, and a high-grade streak of ore is being followed which runs \$40 a ton.

On the New California 1000-foot level a crosscut is being driven and it is expected to intersect the vein within from 40 to 50 feet. This vein shows good ore in a winze from the 400-foot to the 700-foot level, and in the event the values are found persistent down to the 1000-foot point, then the possibilities for a tremendous production from this ground appear to be unlimited.

Manager Stall stated today that within a month or six weeks the New California Tonopah Mining company would be shipping a heavy tonnage of ore, and an effort will be made to increase the output as development is carried forward and new orebodies are opened.

ORR CASE CALLED

The case of B. F. Orr, charged with having illicit whisky in his possession, was called before Justice Cuddy this afternoon at 2 o'clock. The case was scheduled for trial at 10 o'clock, but an adjournment was taken until this afternoon.

TWO-MINUTE PRAYER ASKED BY PRESIDENT

(By Associated Press)
WASHINGTON, D. C., Sept. 30.—President Harding in a proclamation today asked the people to offer a silent two-minute prayer at noon on Armistice day when the body of an unknown American soldier, killed in France, will be laid to rest in Arlington cemetery.

TWO MEN SHOT AFTER ATTACK UPON OFFICER

(By Associated Press)
VISALIA, Cal., Sept. 30.—Two men were shot and killed today at Golden Junction, eight miles south of here, after they had attacked H. T. Green, special officer for the Southern Pacific, when requested to leave a freight train during switching operations.

PEACE TREATY WITH GERMANY NOW RATIFIED

(By Associated Press)
BERLIN, Sept. 30.—The working treaty passed the bill ratifying the peace treaty with the United States. Only the communists voted against it. This completes the ratification as far as Germany is concerned.

TONOPAH MINING IS ACTIVELY ENGAGED WITH LARGE WORK

The Tonopah Mining company is waging one of the most energetic campaigns of mine building that has been witnessed in Tonopah in a long period. The footage accomplished for the week ending Monday, September 25, amounted to 3555 feet, while the production from the Silver Top, Mizpah and Sand Grass shafts totaled 1000 tons. From the Silver Top shaft there were shipped 450 tons, with 1285 feet of development. From the Mizpah shaft there were shipped 400 tons with 1025 feet of development. From the Sand Grass shaft there were shipped 150 tons with 325 feet of development.

In addition to the two tons of ore produced on company account, 100 tons were sent to the local mill at Millers by outside operators a good proportion being sent out by the Golden State Mining company, operating at Klondike.

From the Silver Top shaft a large tonnage of ore is coming from a series of small veins above the 100 level, while in slope 100 on the South Dipping vein two feet of excellent grade ore is in evidence. No stopping was performed at the Mizpah shaft workings owing to the necessity of putting in a new collar set. The report of H. A. Johnson, superintendent, for the week follows:

Silver Top Shaft.
"Drift 109, intermediate east, was discontinued, and some streaks being followed east and west on 100 level. Breaking mill ore. Crosscut 102 completed and raise 126 started to tap old workings. Raise 124 holed through to surface on 1 foot good ore. Raise 5022 passed through 1 foot of mill ore. Drift 701 following

UNEMPLOYED IN LEICESTER MIX IT WITH POLICE

(By Associated Press)
LEICESTER, England, Sept. 30.—A dozen men were injured and many arrested after a clash here between the police and 600 unemployed men who smashed windows at the board of guardians office. The fight lasted only a few minutes. The police used truncheons freely while the unemployed used stones and other missiles.

DAVID BENDER NOT BELIEVED GUILTY CRIME

(By Associated Press)
SAN FRANCISCO, Cal., Sept. 30.—J. Harry Dunlap who swore to a complaint recently charging David Bender, a fugitive from the Maryland state prison, with the murder of Father Heslin, was arrested on a perjury charge today in connection with the complaint. Dunlap is a private detective.

Bender was arrested in San Francisco after having fled here from the Maryland prison where he was incarcerated for the murder of a Baltimore physician. Bender denied all knowledge of the Heslin murder. William A. Higginson, who also is charged with the murder of Father Heslin, is scheduled to go on trial at Redwood City Monday.

HOWAT AND DORCHY BEGIN SENTENCES; MINERS QUIT WORK

CHINESE SEND UNITED STATES PROTEST NOTE

(By Associated Press)
PEKIN, Sept. 30.—Agreements between the United States and Japan relative to the future status of the island of Yap as reported in press dispatches, constitute a violation of Chinese sovereignty and the principle of national equality, says an identical note transmitted to the American and Japanese legations by the Chinese foreign office.

SUNDAY TRAIN SERVICE MAY SOON BE OURS

Will H. Hays, postmaster general of the United States, first on time in answering the telegram sent by J. G. Crumley, chairman of the Divide-Tonopah Chamber of Mines, wherein the latter made request that we be given mail service between Mina and Tonopah.

Mr. Hays in a wire received this morning has promised to go into the matter immediately and ascertain what relief can be given, and it is evident that we will yet get the Sunday train restored, as well as mail service, which has been practically in effect for 16 years. The message reads: "J. G. Crumley, Chairman, Divide-Tonopah Chamber of Mines, Tonopah, Nevada. 'Have your telegram about mail service for Tonopah. Will have this investigated right away and see what can be done. With kindest regards, WILL. H. HAYS'."

NORTHERN WHIG FEARFUL IRISH MAY BALK PLAN

(By Associated Press)
BELFAST, Sept. 30.—Fear that a solution of the Irish controversy may not be reached at the London conference on October 11, should the British government's invitation be accepted by the Sinn Fein, was expressed by a northern Whig.

(By Associated Press)
LONDON, Sept. 30.—De Valera today sent a communication to Lloyd George accepting the invitation to a conference in London on October 11 with a view to settlement of the Irish question.

GRAND JURY BEING DRAWN BY COURT

Judge Mark R. Averill and County Commissioner Charles F. Wittenberg this afternoon are selecting a grand jury which will serve for the ensuing year, or until discharged by order of the court. Twenty-four names will be selected and from this number 18 will be named to compose the jury.

CHINESE SEND UNITED STATES PROTEST NOTE

(By Associated Press)
PITTSBURGH, Pa., Sept. 30.—All coal mines in the Kanawha district were idle today as a result of the agreement of ALLEGANY, HOWAT and DORCHY, president and vice-president of the Kanawha Miners union to begin striking a vote of six months in jail for calling a strike last February. It was reported from early reports to the Operators association.

SIXTY-THREE SLAUGHTERED BY SOVIETS

(By Associated Press)
MOSCOW, Sept. 30.—Soviet authorities announced the organization there of 100,000 of General Petliura, Ukrainian anti-bolshevik leader, has been broken up by the Chok, or (Soviet) liquidation. Sixty-three persons, including British and officers, were executed, and many arrested.

GOLDFIELD FLORENCE LEASERS SUCCESSFUL

Leases on Goldfield Florence mine made regular shipments, much of which is high grade. The property is now being operated entirely on the basis of steam, and with good results. The mine has advanced in production, sales at 45 cents being reported yesterday.

The Southern Nevada company is operating a lease on Florence ground and late reports indicate satisfactory results are being obtained. While nothing sensational has been reported, it seems to be an accepted fact that this lease will prove to be a big producer.
